**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Broadband is critical, especially in the center of innovation for the world. Here in Silicon Valley we only have Comcast and are limited in choice only to them, giving us none of the benefits of competition that have been promised through the deregulation that has gone on. Please push for greater competition and the opening of the market to public players so we can invest in our own infrastructure and take advantage of that.
