**RE: WC Docket No. WC 18-29; RENEWAL of SECTION 63.63 APPLICATION of  
AT&T**

Dear Ms. Dortch:

AT&T Services, Inc. on behalf of its affiliates AT&T Corp., Pacific Bell Telephone Company d/b/a AT&T California, SBC Long Distance, LLC d/b/a AT&T Long Distance and Teleport Communications America, LLC, collectively referenced herein as "AT&T" filed a Section 63.63 application in the above-referenced docket on February 2, 2018 seeking emergency authorization under Section 214(a) of the Communications Act, as amended ("the Act"), 47 U.S.C. § 214, to suspend AT&T's wireline interstate telecommunications services as a result of three fires spread across five counties in Southern California and major mud slides followed in the burn areas. AT&T's facilities sustained significant damage throughout the area.

Pursuant to Section 63.63(b), AT&T hereby requests a renewal of the emergency authorization to suspend its services until AT&T completes its restoration efforts. As of March 16th, AT&T had completed its network restoration in 77 (96.3%) of the 80 Distribution Areas (DAs) that incurred damage requiring more complex restoration plans. Specifically, AT&T has completely restored the damage to its facilities in four of the five counties affected (Los Angeles, Riverside, San Diego and Santa Barbara Counties). AT&T continues its work to restore its network and services in the 3 remaining DAs in Ventura County. AT&T expects to have services restored in the remaining areas within one hundred days. Accordingly, AT&T requests an extension of the emergency discontinuance authorization until June 30, 2018.

Best regards,

A handwritten signature in black ink, appearing to read "Terri Hoskins", with a long, sweeping horizontal line extending to the left.
