**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Comcast and AT&T have been blocking my local ISP from expanding in our city. This is evil. Sonic.net has been my provider for 20 years. They are highly rated, local, honest, and I want to support them.

Comcast have only raised my rates and become more of a huge slug company with worse and worse support and options. I cut my ties with both Comcast and ATT the past year.

Big companies like them shouldn't have all the say or most of the say.

I trust a company like Sonic much more.

Big companies are already starting to cash in on higher rates since the repeal of Net Neutrality - it's not right, not fair.
