RE: 02-6

I am requesting a waiver on behalf of Varnum Public Schools. I certified the Form 471 after the deadline. I was out of the country on the filing date and there was a computer glitch of some sort. I believed that the Form 471 had been certified. When I returned on Monday, I discovered that it had not been. Thank you for your consideration in this matter. It is very important that we continue to receive funding as Oklahoma schools are in severe financial crisis.

Sincerely,
