RE: Section 63.71 Application of Broadview Networks, Inc.

Dear Ms. Dortch:

On July 26, 2017, Broadview Networks, Inc. (“Broadview”) filed an application seeking Commission approval to discontinue Broadview PulseNet Service (“PulseNet Service”) in the States of Massachusetts and New York. Upon further review it was determined that PulseNet Service is not a telecommunications service regulated by the Commission. Accordingly, Broadview hereby withdraws its application seeking approval to discontinue PulseNet Service.

Sincerely,

Cesar Caballero
