Request for filing window waiver

To whom it may concern,

I would like to formally request a waiver for the filing window for the FCC's E-rate program for FCC Form 471 #181042150 for FY 2018. Circumstances at my library have kept me from filing the 471 before the deadline.

We have recently moved into a newly renovated building and providing high speed Internet to the community one of our highest priorities.

Thank you for your time,
