Osawatomie Unified School District 367 (BEN 137585) is requesting a waiver (extension) for the 2019 471 deadline so that we can maintain E-rate funding. Last year USD367 signed a multi year contract with their Internet Service Provider. I am late filing the 471 because I was not aware a 471 had to be filed for every year of a multi year contract. I will not make this mistake again.

Thank you for your consideration,

Wes Duncan

Assistant Director of Technology/E-Rate Coordinator
