Ms. Searcy,

My recommendation to the FCC is to keep 800 numbers toll free.

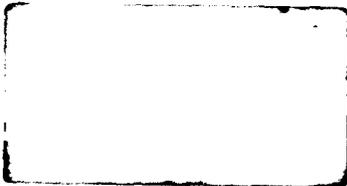

I, personally, cannot afford to pay fees for use of 900 numbers - so if companies are allowed to charge for 800 calls, will make none.

The company I worked for was one of the first to use 800 nation-wide- and customer response was excellent. Because of that experience my belief is that 800 numbers should be kept free.

Please keep the 800 telephone numbers free from charges to the public. If a company wishes to make a charge it can use the 900 numbers. Thank you.

Please protect the 800 number  
from fees. Don't mix up the  
800 and 900 numbers. Telephone  
costs are getting more + more  
complicated mysteries. Let us at  
least know a 800 is free. Some  
businesses <sup>will</sup> just want to lure us into  
expensive calls if you make 800's  
which have been free cost.
