REQUEST FOR WAIVER OF 471 APPLICATION

West Marshall Community School District, BEN 131947

471: 191041741 (Category 1), FRN 1999076562: Internet Access

471: 191041760 (Category 2), FRN 1999076584: Cabling

West Marshall Community School District, a public school located in central Iowa (60% E-rate discount), respectfully requests a waiver of the 2019-20 Form 471 application.

While completing a walk-through with a vendor, we discovered that we omitted the cabling from our Form 470 application for Category 2 funding. This cabling is needed to add access points and switches to accommodate our one-to-one laptop initiative. In addition, we are doing a new statewide assessment this year in Iowa, which is mostly computer-based. In order to be able to continue to support this with our student population, these additions are necessary.

We are filing this waiver request today because we are unsure of when we will receive an actual OOW – Out Of Window Notification from USAC. We

understand that all documents for 2019 are in the EPC portal, but we don't know when we will receive the OOW.

Thank you so very much for your support in granting this request for waiver of the filing deadline of March 27, 2019, and we look forward to another year of discount on our Internet Access services and discount on our cabling project.

Respectfully submitted this 4th day of April, 2019.
