April 6, 2018

Mr. Nadel,

I am providing additional information as requested to verify the change in bandwidth for John Gregg Elementary as requested on the 471. On the original contract, John Gregg was at 10 mg. In the 2016 eRate year, Edison posted a 470 for an upgrade to bandwidth at only the John Gregg building to 20 mg. This was going to be contingent on the cost of the upgrade. The district did decide to move forward with the upgrade and signed a new contract with OMERESA for the John Gregg upgrade. This contract is attached. It was signed on May 24<sup>th</sup> 2017.

Thank you,

Rachael Granatir
