Ex Parte Meeting Notification

Ms. Marlene Dortch
Secretary
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Re: 5GAA Petition for Waiver to Allow Deployment of Cellular Vehicle-to-Everything (C-V2X) Technology in the 5.9 GHz Band; GN Docket No. 18-357; Revision of Part 15 of the Commission's Rules; ET Docket No. 13-49

Dear Ms. Dortch:

On April 4th, Qualcomm's Cristiano Amon, David Nash, Durga Malladi, and Dean Brenner met with Commissioner Jessica Rosenworcel and her legal advisor, Umair Javed. During the meeting, they discussed the 5G Automotive Association's ("5GAA's") April 3, 2019 *ex parte* filing as well as its November 21, 2018 Petition for Waiver.

Qualcomm explained the vast safety benefits and improved performance of both Basic and Advanced Cellular Vehicle-to-Everything ("C V2X") technology, and the 5GAA proposals to enable this technology to use the 5.9 GHz Intelligent Transportation Service band. In addition, Qualcomm highlighted the broad auto industry support for the Petition for Waiver seeking to permit the deployment of C-V2X technology in the upper 20 megahertz of the ITS band. Qualcomm urged the FCC to grant the Petition and propose to adopt the C-V2X band plan set out in the April 3 5GAA *ex parte* letter in the above dockets.

Respectfully submitted,

John W. Kuzin
Vice President and Regulatory Counsel

cc: Jessica Rosenworcel
Umair Javed
