

Dear FCC,

I made a costly mistake mixing up our 470 and 471 deadlines. I thought that the 470 deadline was about 2 weeks ago, but I just found out that it was the 471 deadline after submitting our form. The 50% funding that our school receives from the 471 greatly helps us provide high quality internet access to all of our district students. I am hopeful you will approve our waiver and I will make sure this does not happen again. Please let me know if you need anything else.

BEN: 123047

Application: 191030255

FCC Registration Number: 0012622361

I have attached our FCC471 form to this submission.

Thank you.

Erik Lee
