RE: Waiver Request late filing Form 470/Form 471

Date: April 6, 2018

At this time, our district is requesting a waiver with the FCC regarding our late filing of our Form 470/Form 471. Our district BEN is 142271. The result of this late filing was due to the district's main contacts retirement and now transition contract employment with the district. Colorado PERA (the district's pension fund) defines when an employee who retires and returns on a transition contract, the employee cannot work for the PERA employer during the month of retirement. Ms. County retired effective 2/1/2018, therefore the first available time for the district to file its Form 470 was March. The first date to file Form 471 was today, April 6th.

Thank you for your consideration.
