Re: CC Docket No. 02-6

From: Glenn Benjamin

To Whom it may Concern: St. Jude School is respectfully requesting a waiver to the deadline for Funding Year 2019 Form 471 Application completion.

Entity: 22522

Mailing Address: 4820 Walbridge St, Rockville, MD 20853

Phone Number: 301-946-7888

Email: stjuderics@erateassist.com

Form 471#: 191041580 and 191041584

Reason for Waiver Request: Late-Filed FCC Form 471 Application filed within 14 days of close of the window

Funding Request Numbers (FRN): 199076264, 1999076340 and 199076341

Appeal Information: St Jude's Form 471 applications were filed late in order to allow for the full 28-day competitive bidding window. As this was the first time the current staff has attempted to obtain E-rate funding we were not able to compile the needed information in time to create a complete Form 470 that would provide all the necessary information to interested vendors. By the time the information was gathered, and the Form 470 was filed it was not possible to allow the full 28-day competitive bidding window and still file the Form 471 "in-window." In order to follow all E-rate procurement requirements, the applications were filed after the deadline but well within the 14 days of window closing. The E-rate funding would provide desperately needed technology upgrades and connectivity that will be vital to the school's operation, so we are respectfully requesting a one-time waiver of the Form 471 deadline for the above listed Form 471.
