Re: WQIZ358, WT Docket No. 16-335

Dear Ms. Dortch:

On April 2, 2018, AT&T timely filed a construction notification demonstrating its geographic coverage for WQIZ358 as of June 13, 2017, as required by the Federal Communications Commission's *Memorandum Opinion and Order*, FCC 18-24, in this docket. AT&T filed its demonstration as a "Required Notification (NT)," but subsequently refiled the same demonstration as a "Modification (MD)" at the request of Commission staff. Applicant has amended the Modification to clarify in the Build-out Demonstration and Engineering Justification Exhibit that the filed exhibit, shapefiles data, and map represent coverage as of June 13, 2017. Any language to the contrary in previously filed versions of the exhibit were a result of an inadvertent error.

Pursuant to Section 1.1206 of the Commission's rules, an electronic copy of this letter is being filed for inclusion in this docket.

Sincerely,

Robert Vitanza
