RE: Annual Rate Averaging and Integration Certification Letter – Detariffed
Domestic Interstate Interexchange Telecommunications Services

Dear Sirs,

DAR Communications Corporation hereby certifies that in the provision of wire line domestic interstate interexchange telecommunications services in the U.S., DAR complies with the geographic rate averaging and rate integration obligations pursuant to 47 USC §254(g), as set forth in Section 64.1900 of the Communications Act. These obligations are elements of the Commission's universal service policy and require that the rates charged by providers of interexchange services in rural and high cost areas shall be no higher than those charged in urban areas, and that the rates charged to subscribers in different states not be disparate.

Sincerely,

Bradley C. Henderson
DAR COMMUNICATIONS CORPORATION
