## Narrative

I am requesting an appeal to the Commitment Adjustment Letter we received in reference to FRN 1699032941. This was addressed during the PIA review. It has been determined that there was an error in classifying the line item when filing the Form 471 application. The items listed are the support and most importantly licensing for the wireless equipment and not basic maintenance and technical support as listed. We request that the type of product be changed to Internal Connections. It is stated on page 5 of the FY2016 Eligible Services List that a manufacturer's warranty is classified as Internal Connections.
