*"Proud of our past, dedicated to the present, committed to the Future"*

I would like to file a waiver for not submitted our form 471 within the filing date. I started working at this school district in September and I have overwhelmed with all the issues here at Medina Valley ISD. We are growing at a rate of 7% annually and are opening two new campuses within the next 3 months and are expected to open a new campus annually for the next ten years.

With the recent issues at school districts where learners lives have been taken, I have been focused on installing a much needed surveillance system throughout our seven campuses. this alone not including the required infrastructure and wireless access upgrades has taken all of and my staff's time.

Without this USAC discounts, we as a rural school district at 80% free and reduced National School Lunch Program, will struggle financially without out these federal funds.

Please consider granting this waiver for a late form 471 application
