

**Notice of MB 18-184 / FCC 18-69 Ex-Parte Presentation**

On Tuesday, April 23, 2019 between 11:00 AM and 3:00 PM, Matthew Wesolowski of SSR Communications, Inc., met in person with Joel Miller of Commissioner Michael O'Rielly's office, Michael Scurato of Commissioner Geoffrey Starks' office, and by telephone on Thursday, April 25, 2019, between 2:00 PM and 2:30 PM with Kate Black of Commissioner Jessica Rosenworcel's office.

Each meeting included an inquiry as to the status of the current MB 18-184 / FCC 18-69 "FM Class C4" proceeding. Although a timetable could not be provided as to when a formal MB 18-184 Notice of Proposed Rulemaking would be established, Commissioner staff indicated that comments from the 2018 Notice of Inquiry window were still under evaluation.

Wesolowski also requested an update on the Commission's stance towards an alternative and pending waiver-based application filed in July, 2018 by WRTM-FM (BPH-20180716AAC), the grant of which would result in a technical facility mirroring that of a proposed "FM Class C4" station classification. As had been the case in a prior series of meetings in February, 2019, Commissioner staff signaled a willingness to consider the WRTM-FM waiver as a viable alternative to approach a formal MB 18-184 NPRM, given that it would provide immediate relief to stations seeking such.

In addition to a request of full consideration of the WRTM-FM waiver-based application, Wesolowski asked that all of the Commissioners consider voting affirmatively on the release of a MB 18-184 NPRM.
