Request for Waiver
CC Docket No. 02-6

Category 1 Form 471

The Farmington School District is submitting the appeal to have FCC Form 471 - #191042221 accepted, reviewed and certified. The form was submitted after the closing window because the district did not purchase the building until after the windows was closed. The purchase of the building will allow the school district to expand services to students that cannot be serviced in our current buildings.

Thank you for your consideration.

Andrew White
Farmington School District
