RE: WC Docket No. 18-380; RENEWAL of SECTION 63.63 APPLICATION of AT&T

Dear Ms. Dortch:

AT&T Services, Inc. on behalf of its affiliates AT&T Corp., BellSouth Long Distance, Inc., BellSouth Telecommunications, LLC, SBC Long Distance, and Teleport Communications America, LLC, collectively referenced herein as "AT&T", collectively referenced herein as "AT&T" filed a Section 63.63 application in the above-referenced docket on December 11, 2018 seeking emergency authorization under Section 214(a) of the Communications Act, as amended ("the Act"), 47 U.S.C. § 214, to suspend AT&T's wireline interstate telecommunications services after Hurricane Michael caused significant damage to AT&T's facilities in 392 distribution areas in Florida.

To date, AT&T has completed its network restoration in 389 (99%) of the 392 Distribution Areas (DAs). AT&T has completely restored the damage to its facilities in Panama City Beach, Laguna Beach, Bainbridge, Sunny Hills, Vernon, Havana, Calloway, Chipley, Graceville, Lynn Haven, and Youngstown Fountain, but still has work to complete in Panama City.

AT&T's restoration efforts were delayed in Panama City due to a right-of-way dispute with a property owner. AT&T expects to have services restored in the remaining 3 DAs in a month, and accordingly, requests an extension of the emergency discontinuance authorization until May 31, 2019.

Best regards,

A handwritten signature in black ink, appearing to read "Terri L. Hoskins".

Terri L. Hoskins
