Re: MM Docket 92-33
Union Park, et al., Florida

Dear Judge Kuhlmann:

Pursuant to your Memorandum Opinion and Order, FCC 92M-496, released April 27, 1992, please be advised on behalf of Mims Community Radio, Inc. ("Mims") that it shall be submitting no evidence under Issue 3 of the Hearing Designation Order. Mims intends to make its Proposed Findings of Fact and Conclusions of Law based upon the evidence with respect to Issue 2 of the HDO, i.e., the Joint Engineering Exhibit exchanged on July 1, 1992 and the "Joint Outline of Evidence Submitted Under Issue 2(b)" filed by the parties on May 28, 1992.

With respect to Issue 1 of the HDO, Mims is coordinating with the FM Branch and the Audio Services Division seeking issuance of the requisite RF compliance letter needed to address concerns raised in Issue 1. Mims also is filing today a Petition for Leave to Amend to move to a new site, which, if granted, will moot Issue 1.

Should you have any questions concerning this matter, please contact the undersigned.

Respectfully,

Stephen C. Simpson
