Quebradillas, Puerto Rico 00678

Dear Mr. Cushing:

In response to your inquiry of April 1 about the need for an FM educational radio service in the area, the following information may be of some help. The Orange County district of public schools has 118 schools serving elementary, secondary and alternative students. The total number of students is 106,315. Approximately 11.8 percent of the students are Hispanic. About 3,000 of the Hispanic students would be enrolled in English for Speakers of Other Language courses.

The Hispanic population in the area has various estimates. I will attach a census report from the local newspaper for additional information.

Sincerely,

P.O. Box 980
Quebradillas, P.R. 00678

Dear Mrs. Arzuaga:

Our organization welcomes your efforts to establish a non-commercial, education-oriented FM radio station in Central Florida. We are a hispanic community based organization whose goal is to promote cultural and educational events in Central Florida to achieve a better understanding of the diversity of cultures represented in the Central Florida Area.

In the past we have tried to work with the only PBS station WMFE Radio and it's television station channel 24 to obtain coverage of the hispanic community events and programs geared toward the hispanic community that are aired in other regions of the country by PBS Stations but we have gotten no support from these stations.

I was a member of a short-lived hispanic advisory board that was put together by Channel 24 management to comply with some federal guidelines but as soon as we requested time for our community the advisory board was dissolved.

Our community is 200,000 strong and there is a great need of educational programs in the area. Many cultural events like the ones we put together would probably get better exposure with an educational station like the one you plan to establish.

Sincerely,

Manuel A. Toro

Dear Mr. Arzuaga:

Thank you for your May 11th letter inquiring on Spanish language programs broadcast over WUCF-FM 89.9.

"THE HISPANIC SHOW", airing on Sundays from 7:00-10:00P.M., has been part of WUCF-FM's program schedule for a number of years and is currently the only Spanish language program on the FM dial in the Orlando area.

I am enclosing a "media kit" with comprehensive background information on WUCF-FM 89.9 programming. Again, thank you for your interest in our station.

Sincerely yours,

Will Meet the Needs of the Community

The applicant will provide a first educational FM service to the Hispanic Community of its service area. The importance of service to minority groups was demonstrated in the aftermath of the Rodney King verdict where the frustrations of the minority population led to disastrous events. The radio station can be used to keep a pulse of the community's problems and needs and serve as a point of communication to the Hispanic community.

The applicant has undertaken a survey of problems and needs in the community. Using a random sampling from the Orlando metro telephone directory, the interviews were conducted by phone. A tabulation of the results of those interviews is as follows:
