Re: *Policy and Rules Concerning the Interstate Interexchange Marketplace;
Implementation of Section 254(g) of the Communications Act of 1934, as
Amended*, CC Docket No. 96-61

Dear Ms. Dortch:

On behalf of CenturyLink, Inc., attached is the 2019 certification of compliance with the Federal Communications Commission's geographic rate averaging and rate integration requirements pursuant to 47 C.F.R. § 64.1900. The certification covers the combined operations of all CenturyLink, Inc. subsidiaries.

If you have any questions, please contact me.

Respectfully submitted,

/s/ John E. Benedict

Attachment

**CERTIFICATION OF COMPLIANCE WITH SECTION 64.1801 OF THE RULES OF THE
FEDERAL COMMUNICATIONS COMMISSION – RATE INTEGRATION AND
GEOGRAPHIC RATE AVERAGING RULES**

I, Stacy Hartman, declare as follows:

I am the Vice President, Public Policy & Compliance, CenturyTel Service Group, LLC, a subsidiary of CenturyLink Inc., acting on behalf of CenturyTel Service Group, LLC, CenturyLink Operating Companies, CenturyLink Communications, LLC and Qwest Corporation d/b/a CenturyLink QC. I am authorized to execute this certification on behalf of all of these entities.

These Companies provide interstate interexchange telecommunications services that are subject to 47 U.S.C. § 254(g) and Section 64.1801 of the rules of the Federal Communications Commission (Commission). Following its acquisition of the Level 3 companies, CenturyLink continues the ongoing process of integrating operations and policies, where appropriate, including within and among long distance affiliates.

I am familiar with the rules and regulations of the Federal Communications Commission concerning rate integration and rate averaging and with the interexchange telecommunications services of these companies.

Pursuant to Section 64.1900 of the Commission's rules, I hereby declare under penalty of perjury that, to the best of my knowledge, information, and belief, and apart from any immaterial issues previously disclosed or arising from ongoing merger-related adjustments and corrections, CenturyLink's interstate offerings subject to the certification requirements of Section 64.1900 do not violate the rate integration or rate averaging provisions of the Telecommunications Act of 1996, or the Commission's implementing rules.

Stacy Hartman
Vice President, Public Policy & Compliance
CenturyTel Service Group, LLC

Rate Integration

2019 Annual Review

CenturyLink long distance companies provide long distance services to their retail customers in a ubiquitous manner. All CenturyLink companies which provide interstate interexchange services comply with the FCC's Rate Integration and Rate Averaging rules with the following exceptions:

Exception No 1

CenturyLink's terminating access services are priced based on the identity of the terminating LATA and bands within those LATA based on cost, and are in compliance with the rate integration and rate averaging rules.

Exception No 2

CenturyLink private line and advanced communications services are provided under contract and include the cost of Local Access Facilities which provide the physical connection between the customer's service address and CenturyLink's domestic network.
