Dear Secretary

Sejong Academy is requesting the FCC to grant a waiver for #191042187 which was filed in 4/25/2019 to be considered timely filed. We had our technology coordinator who is in charge of filing for the Library and Schools Program get into a health condition and resigning and the new replacement also going through a health condition who was not able to file the Form 470 and 471 in the normal windows.

Jessica Gambrill, our Technology Coordinator was suffering from health issues and had surgery after resigning on March 8. Jin Soo Kim, the replacement, was to start on March 11, 2019 but had a foot injury on March 7th and could not start until March 21st.

Granted we could have filed the FCC 470 before it window closed on Feb but Jessica's health condition inhibited her from performing this even while she stayed on until March. And due to Jin Soo's injury he was not able to start the 470 until late March. Jin Soo was advised in customer service case 269549 to file this waiver request after going through FCC 470 and 471 with the appropriate window to take in bids. So the FCC 471 for Category 2 was filed on April 25, 2019.

Please grant us the waiver due to this extraordinary circumstances in our staffing. We are a small charter school with mostly low-income students in dire need for expansion in Wi-Fi service and keeping the Firewall security service for effective instruction.

If you need more information, please do not hesitate to contact our Technology Manager, Jin Soo Kim at the contact information provided above.

We await your reply. Thank you.

Jin Soo Kim

Technology Manager, Sejong Academy
