

REGION 53

700 MHz Regional Planning Committee

April 30, 2019

Public Safety and Homeland Security Bureau
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

CC: Robert Adelman
Region 53 800 MHz RPC Chair

Ref: Region 53 700 MHz RPC Chair & Region 53 800 MHz Vice-Chair Resignations

To the FCC Public Safety and Homeland Security Bureau Approving Official,

Please note that I Richard Morales Jr, Region 53 700 MHz RPC Chair as of April 30th, 2019 submit my resignation as Chairman for Region 53 700 MHz RPC and relinquish and transfer the authority stewardship to the only available spectrum official in the Region, which is Robert Adelman Region 53 800 MHz RPC Chair. The Vice Chair and Secretary for the 700 MHz RPC resigned and have not been replaced.

Designation is left to Region 53 800 MHz Chair to call a combined 700/800 MHz RPC meeting to set the officials in both spectrum RPCs. The Chair should also administer the voting process for new 700 MHz Chair, Vice Chair and Secretary. Also my resignation applies to the office of Region 53 800 MHz RPC Vice-Chair and voting for the three positions should also take place. Mr. Adelman should immediately notify the FCC, APCO, and the NRPC on results of the voting of officers.

If at all possible I nominate Randy Ashley, Communications Manager – Assistant EMC, City of McAllen RGVCG telephone # 956-681-1444 as he is very knowledgeable of both spectrums operating the Region to any position he is available for. My resignation is due to my retirement from the City of San Antonio ITSD-Radio Services and no longer will be participating in public safety activities in this Region.

Respectfully submitted,

Richard Morales, Jr.
Chair,
Region 53 700 MHz Regional Planning Committee
Vice-Chair
Region 53 800 MHz Regional Planning Committee
