Re: *Promoting Investment in the 3550-3700 MHz Band, GN Docket No. 17-258*

Dear Ms. Dortch,

On May 3, 2018, Craig Cowden, Senior Vice President, Wireless Technologies, at Charter Communications, Inc. (“Charter”), with Elizabeth Andrion and Colleen King, also of Charter, met with FCC Chairman Ajit Pai and Tina Pelkey in Tampa, Florida to demonstrate Charter’s 3.5 GHz small cell testing. During this meeting, Mr. Cowden reiterated the importance of finding the right geographic license sizes for auctioning 3.5 GHz spectrum, consistent with Charter’s filings in this proceeding.¹

Respectfully submitted,

/s/ Colleen King
