**Re: Verizon Public Notice of Network Changes and Certification Under
Rules 51.325–51.335**

Dear Ms. Dortch:

Pursuant to Sections 51.325 - 51.335 of the Commission's rules, Verizon submits the attached Certification of Public Notice of Network Change under Rule 51.329(a). Specifically, Verizon is providing notification of the network changes that result in the decommissioning of the Turtle Creek, PA EWSD switch (TRCKPATCDS0) located at 801 Penn Avenue, Turtle Creek, PA 15145.

Please contact me should you need any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra P. Dexter", with a checkmark at the end.

**CERTIFICATION OF PUBLIC NOTICE(s) OF NETWORK
CHANGE UNDER RULE 51.329(a)**

On May 7, 2018, the following Public Notice of Network Change has been made by Verizon pursuant to Code of Federal Regulation 47, Subsections 51.325 – 51.335.

The Public Notice(s) can also be obtained at the Internet at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

Title(s) of Network Notification(s):

Planned Network Changes – Turtle Creek, PA switch retirement

John Dunne
Senior Manager – Global Data Network Engineering
Verizon Wireline Network Operations
2147 Route 27
Edison, PA 08817
732-593-4003

Implementation Date: On or after **November 12, 2018**

Planned Network Change(s) will occur at the following locations in Pennsylvania:

Verizon Central Office	Address	CLLI
Turtle Creek EWSD Switch	801 Penn Ave, Turtle Creek PA 15145	TRCKPATCDS0
Pittsburgh CS2K Switch	530 N. Neville PA, Pittsburgh PA 15213	PITBPAOKPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Turtle Creek PA EWSD switch are associated with CLI code TRCKPATCDS0 and will not be repeated throughout this notice.
- All references to the Pittsburgh PA CS2K switch are associated with CLI code PITBPAOKPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Turtle Creek EWSD switch located at 801 Penn Ave., Turtle Creek, PA 15145, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Pittsburgh CS2K switch located at 530 N. Neville St., Pittsburgh, PA 15213. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers, will need to secure new trunk groups built to the Pittsburgh CS2K switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Turtle Creek switch will be required to reposition the codes to the Pittsburgh CS2K switch.

All ASRs for the Pittsburgh CS2K switch must be received no later than October 14, 2018 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Turtle Creek EWSD switch, prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Turtle Creek EWSD switch (**on or after November 12, 2018**). This will serve to guide interconnect re-routes of traffic for the five (5) native codes currently served by the Turtle Creek EWSD switch to reflect the Pittsburgh CS2K switch as the new home switch. All ASRs for the Pittsburgh CS2K switch must carry the project code of **TRCKPATCRP1**.
