To: FCC -

I strongly oppose the merger between Sinclair Broadcasting and Tribune Media, which would give a single media company access to 72% of U.S. households and greatly reduce public access to unbiased information. Do not approve this inappropriate and destructive plan.

Sincerely,

I oppose the
Sinclair - Tribune
merger. This would
pave the way for
Sinclair Broadcast Group
to be huge conglomerate.
This means distorted
commentary and less of
the local news people
really need.
