Re: *Notice of Permissive Detariffing of Wireline Broadband Internet Access Service, and the Provision of Consumer Broadband Only Loop Service on a Permissive Detariffed Basis, CC Docket No. 02-33*

Dear Ms. Monteith,

Margaretville Telephone Company, Inc. (Study Area Code 150104) hereby provides the FCC with notice of its intent to discontinue offering Wireline Broadband Internet Access Service (WBIAS), and Consumer Broadband Only Loop (CBOL) Service on a tariffed basis. Effective July 3, 2018, the Company plans to offer WBIAS and CBOL service on a permissive detariffed, common carriage basis in our Margaretville and Andes exchanges, where WBIAS and CBOL service are technically feasible. Our customer notice is also attached for your records.

The only customer for the Company's WBIAS and CBOL service is the Company's affiliate Internet Service Provider, Heart of the Catskills Communications, Inc. The affiliate purchases WBIAS and CBOL service for use as a component in its broadband Internet service sold to residential and business customers. The discontinuance of the tariff offerings of WBIAS and CBOL service will have no effect on the end user service provided by the affiliate.

Rates, terms and conditions of service will be available at the Company's business office located at 579 Main Street, Margaretville, NY 12455, and on the company's website at <https://www.mtctelcom.com>.

Please contact me with any questions regarding this notice.

Sincerely,

Glen Faulkner
President/CEO
