Re: *Amendment of Parts 0, 1, 2, 15 and 18 of the Commission's Rules Regarding Authorization of Radiofrequency Equipment; Request for the Allowance of Optional Electronic Labeling for Wireless Devices (ET Docket No. 15-170, RM-11673)*

Dear Ms. Dortch:

On May 11, 2017, I spoke by telephone with Erin McGrath, Legal Advisor to Commissioner O'Rielly. I reiterated arguments made in Google's comments in the above-captioned proceeding, including that the Commission should expeditiously update its equipment rules to promote efficiency and cost savings, as well as to facilitate consumer access to updated product information.¹

Pursuant to the Commission's rules, this notice is being filed in the above-referenced dockets for inclusion in the public record. Please contact me should you have any questions.

Respectfully submitted,
