Re: *In the Matter of Amendment of Section 73.3555(e) of the Commission's Rules, National Television Multiple Ownership Rule*, MB Docket No. 17-318

Dear Ms. Dortch:

On May 16, 2018, Drew Figdor, Portfolio Manager, and Paul Gleize, Managing Director, of TIG Advisors, and the undersigned, had a telephone conference with Alison Nemeth, Media Advisor to Chairman Pai, to discuss the Commission's pending proceeding on the national audience reach cap.

During the meeting, we highlighted reasons for eliminating the national audience reach cap (e.g., competition related issues still reviewable by U.S. Department of Justice's Antitrust Division, localism and diversity of voices of less concern in concentrating market given multiple sources of content) and the UHF Discount (e.g., technical reasons for the rule no longer being valid). Additionally, meeting participants discussed general procedural questions related to the Commission's voting processes, delegated authority determinations, and overall timing of decisions in light of other matters currently pending before the Commission and the United States Court of Appeals for the District of Columbia Circuit.

Sincerely,

/s/ Frank G. Lamancusa
