Re: Ex Parte Communication
Accelerating Wireless Broadband Deployment by Removing Barriers to
Infrastructure Investment, WT Docket No. 17-79

Dear Ms. Dortch:

On May 15, 2018, Charles McKee and I of Sprint met with Commissioner Brendan Carr and his wireless legal advisor Will Adams to discuss the above-referenced proceeding.

Sprint supports the Commission's ongoing efforts to ease barriers to wireless infrastructure deployment. Sprint encouraged the FCC to streamline state and local siting procedures by establishing shot clocks with a deemed granted remedy for small cell deployments in the public rights-of-way; limiting permissible local fees to direct and actual costs incurred by a locality; and clarifying provisions within Sections 332 and 253 of the Communications Act to mandate access for wireless carriers to public rights of way.

Sprint's advocacy was consistent with previous filings in these proceedings.

Pursuant to Section 1.1206 of the Commission's Rules, a copy of this letter is being filed electronically in the above-referenced docket. If you have any questions, please feel free to contact me at (703) 592-2560.

Sincerely,

/s/ Keith C. Buell
