CC Docket No. 02-6

To Whom It May Concern:

Consistent with precedent, the Coolidge Library of Solon, Maine requests a waiver of the FY 2018 FCC Form 471 application filing deadline under the E-rate program. The waiver is requested for the following application ( filed under the Coolidge Library--BEN 121765

Our Administrator was out of the country and was unable to file the form in EPC before the deadline. When he returned he filed the form but was informed it was late.

Relief Sought

On behalf of the Coolidge Library , we respectfully request that the filing deadline for single form 471 listed above be waived, and that the status of the requests be changed from "out of window" to "in window."

Sincerely,
