

MBA

Collaborative Meeting

March 28th, 2019

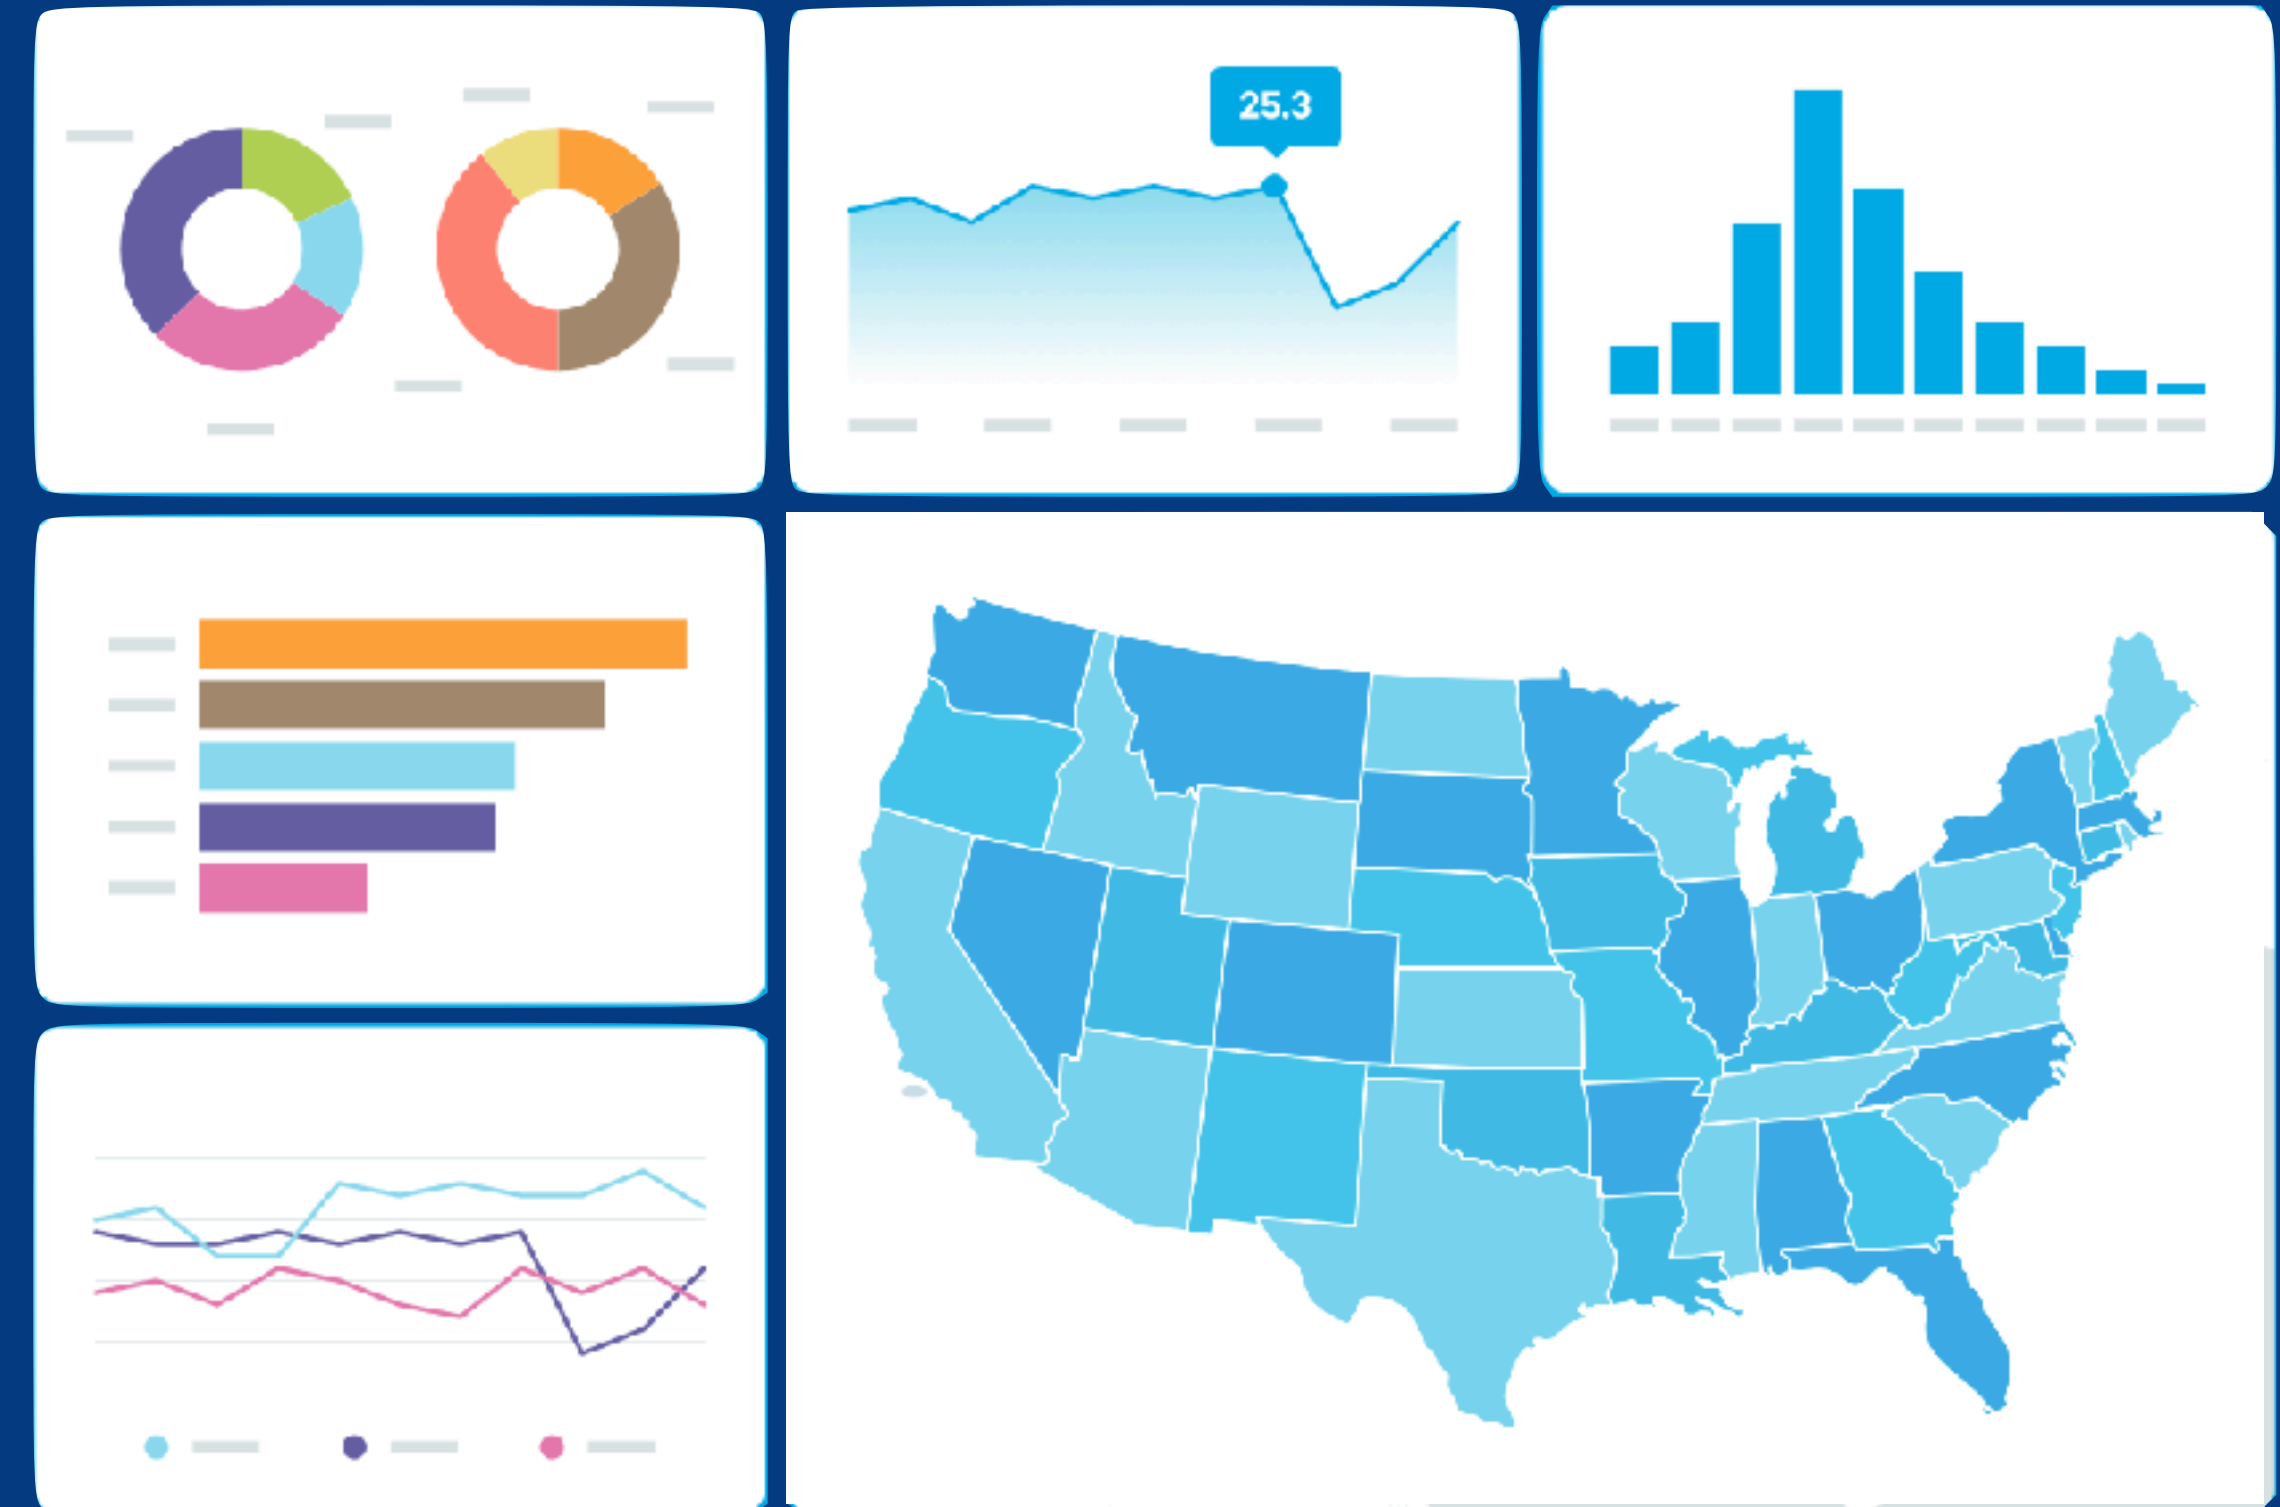

Agenda

- MBA IX: report update
- MBA X: recruitment plan
- Updated timeline

MBA IX: Report Update

- Structure of charts finalized
- Awaiting on final confirmation of validations from ISPs (due Friday March 29th)
- Final list of Unit IDs to be sent upon confirmation of the above
- ISPs with access to SamKnows One will be able to analyze data on respective unit IDs in SamKnows One

Volunteer profile

- **Recruitment Goal for 2019:** *Have 100 reporting Whiteboxes per reporting tier*
- Budgeting for longer recruitment period
- Next Steps:
 - ISPs to confirm popular tiers
 - SK to confirm current online Whitebox count
 - ISPs prepare for recruitment
 - SK launches new recruitment website
 - ISPs launch emails with specific URLs
 - SK monitors numbers accordingly

“I just want to help research efforts!”

“I’m very technical, and I’m very interested in seeing data on my connection”

“I’m trying to understand the dynamics of my personal connection”

Sample Plan 2019

- ISPs have been emailed the Sample Plan for 2019
- Calculations were based on the most recent 477 data (Submitted Dec. 2018)
- Speedtiers were chosen based on top 80% subscriber representation

MEASURING BROADBAND AMERICA: Sample Plan 2019
