## Rationale for this Request:

During the FY2019 Erate filing window, we experienced extended delays in having USAC set up the above-referenced, new BEN and to assign our consultant as required by the EPC system.

As a result, the required filing windows had closed before we could complete the application process. Please see cases: 267316 and 268095.

Please note that the school acted appropriately and in good faith to abide by all SLD program guidelines, and our Form 471 191033461 was filed on 04/05/2019.

---

We respectfully request an Out-Of-Window Waiver to be granted to the above-referenced entity and that USAC be directed to review our application for funding during the Funding Year 2019.

We look forward to your approval of our request in the near future. Please feel free to contact me at any time should you have questions.

Sincerely,

Abdirahman Abdulle  
Executive Director
