

April 24, 2019

To Whom It May Concern:

The Chicago Lighthouse has been a part of the FCC "iCanConnect" program as one of the entities certified to participate since July 1 of 2017.

We regret to inform you that due to the evaluation of operational efficiencies in our organization, we will no longer be able to provide that support, since we are closing our deaf/blind department.

As such we wish to relinquish our certification as of June 30, 2019.

The Chicago Hearing Society could be an alternative organization to continue this program in Illinois, upon applying for and receiving certification.

Please feel free to contact me with any questions.

Sincerely,

Janet Szlyk, PhD
President and CEO
