RE: Modification to Region 5, 700 MHz Allocation Spreadsheet, Docket 02-378

Marlene H. Dortch
Federal Communications
Commission Office of the Secretary
445 12th street, SW
Washington D.C. 20554

Dear Secretary Dortch:

Please accept this amendment to the Region 5 700 MHz allocation spreadsheet for approval. This change adds channels 383-384, 469-470, 471-472, 509-510, 511-512, 629-630 for Los Angeles County (LA-RICS Project) for fill-in use in their north desert area. Los Angeles County operating area is more than 70 miles from all adjacent regions, so no concurrence was requested from those regions.

Given the distance from the other adjacent regions, we believe this should be considered a minor amendment. Also attached is the proposed new spreadsheet showing these changes in red font.

This Change was approved at the November 2017 regular monthly meeting per the Regional 5 Plan requirements.

Sincerely,

A handwritten signature in black ink, appearing to read "David Buchanan", with a long, sweeping horizontal line extending to the right.

David Buchanan, Chair
Region 5 700 MHz Regional Planning Committee
