Introduction

Due to my uncertainty of how to handle this request a similar request was filed with USAC – appeal 145266.

I filed as SPIN change for FRN 1799058701 to change the service provider from Comcast to Windstream. Prior to filing the SPIN change the Last Date to Invoice (LDI) for the FRN was extended to 2/26/2019.

The SPIN change was not approved until March 12, 2019. After the LDI of 2/26/2019.

With the approval of the SPIN change USAC did not extend the LDI allowing the school to file a new BEAR.

Argument

I cannot file an accurate BEAR form without the correct service provider in the system. The BEAR numbers (SPIN, App, FRN) are all connected, and the system would not accept the Windstream information without the SPIN being changed. This change did not happen until after the last date to invoice (2/26/2019) had passed.

Request

I request the FCC grant this waiver and extend the LDI so an accurate BEAR form can be filed.
