Family Stations, Incorporated
c/o Harold Camping
290 Hegenberger Road
Oakland, California 94621

Dear Mr. Camping:

This refers to the application, ARN-810626AC, by Family Stations, Inc., filed on FCC Form 340, requesting that Station KEAR, San Francisco, California, be classified as a non-commercial educational FM station under Subpart C of the Commission's Rules.

As you are aware, the channel on which KEAR presently operates, 295 (106.9 MHz), is not in the FM band of channels reserved exclusively for non-commercial educational stations. As it is a commercial channel, a licensee is free to operate on a non-commercial basis if it so chooses. Thus, it is not necessary for you to file a formal application seeking authority to do something that you are already authorized to do. For this reason we are returning your application as unacceptable for filing. One copy will be retained in the Commission's files.

Examination of the application, however, indicates that you are fully qualified as a non-commercial educational broadcaster, since you are a non-profit educational organization and will continue to broadcast educational programming on a non-commercial basis. Having been informed of your continued intent to function as an educational station, we are placing a copy of this letter in your station's files making your intentions a matter of record.

Subsequently, in order to be formally recognized as an educational licensee, you should file for your next renewal on the appropriate educational form.

Sincerely,

H. John Morgan
Chief, FM Branch
Broadcast Facilities Division
Broadcast Bureau
