RE: Modification to Region 5, 700 MHz Allocation Spreadsheet, Docket 02-378

Marlene H. Dortch  
Federal Communications  
Commission Office of the Secretary  
445 12th street, SW  
Washington D.C. 20554

Dear Secretary Dortch:

Please accept this amendment to the Region 5 700 MHz allocation spreadsheet for approval. This change adds channel 247-248 for Los Angeles County (LA-RICS Project) for fill-in use in their north desert area. This channel was inadvertently left off the request to add 6 channels filed May 24, 2018. Los Angeles County operating area is more than 70 miles from all adjacent regions, so no concurrence was requested from those regions.

Given the distance from the other adjacent regions, we believe this should be considered a minor amendment. Also attached is the proposed new spreadsheet showing these changes in red font.

This Change was approved at the November 2017 regular monthly meeting per the Regional 5 Plan requirements.

Sincerely,

A handwritten signature in black ink, appearing to read "David Buchanan", with a long horizontal flourish extending to the right.

David Buchanan, Chair  
Region 5 700 MHz Regional Planning Committee
