Re: Petition for Reconsideration by Motorola Solutions Inc. in WT Docket No. 10-119

Ms. Dortch:

On June 5, 2018, a phone conference took place between members of the FCC's Wireless Telecommunications Bureau (WTB), Gary Beckstedt, Sr. of North Georgia GMRS Network, and myself of RepeaterFinder, LLC (owner of the myGMRS.com Repeater Directory) regarding the Petition for Partial Reconsideration filed by Motorola Solutions Inc. (MSI) on September 28, 2017 in Docket No. 10-119. Representing the Mobility Division of the WTB on the call was Thomas Derenge, Melissa Conway, and Scot Stone.

During the call it became clear that the Commission needed insight from the GMRS community in order to duly assess the impact of granting MSI's Petition for Partial Reconsideration. Mr. Beckstedt and I discussed our opinions on the subject with those in attendance, keeping the GMRS community's best interests in mind. Both RepeaterFinder, LLC and North Georgia GMRS Network plan to file ex parte comments in support of the Petition with proposals for common-sense restrictions to avoid harmful interference and congestion in the GMRS. Mr. Beckstedt and I also pledged to discuss the matter with members of our respective communities to elicit comments in the record from the licensees themselves if they differ from our comments.

Respectfully Submitted,

Rich Dunajewski - WQEJ577
President
