To Whom It May Concern,

On behalf of the Mesivta High School of Greater Miami, Ben #36709 (DBA Mechina of South Florida) I would like to request a waiver of the filing window deadline for the E-Rate Program. This request is being made due to an unforeseen situation regarding our application. We had previously used a consulting firm to process and submit our forms; however, we were unaware that they did not complete them this year. When we became aware of the situation, we removed the consulting firm from our account and processed and submitted all necessary documentation ourselves.

If you have any questions, please contract our account administrator:
