**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We need quality local access to the internet. The large providers in my area are slow, expensive, and lack privacy. My friends in rural norther California, don't even have access to one of the large carriers. It is critical for both regions to have quality and affordable access to the internet so we can compete with urban areas in business, jobs, and education.
