Dear Ms. Dortch:

Intelsat S.A. ("Intelsat"),¹ by counsel and pursuant to Sections 25.119(f) and 1.948(d) of the rules of the Federal Communications Commission ("Commission"),² hereby notifies the Commission that the full transfer of control of the licenses held by subsidiaries of Intelsat was consummated on June 14, 2018.

On May 16, 2012, the International Bureau authorized the transfer of control of the licenses and authorizations held by subsidiaries of Intelsat pursuant to the public offering of newly issued voting shares by Intelsat, subsequent voting share sales by current shareholders, and possible private placements of newly issued voting shares.³

Intelsat completed a public offering of newly issued voting shares on April 23, 2013. As previously disclosed and as required by the rules of the U.S. Securities and Exchange Commission ("SEC"), on April 1, 2014, Intelsat expanded its board from eight members to nine members with the addition of a new independent director.⁴ In December of 2016, the composition of the board changed to be

¹ Intelsat S.A. was previously known as Intelsat Global Holdings, S.A.

² 47 C.F.R. §§ 25.119(f) and 1.948(d).

³ See *Intelsat Global Holdings, S.A. Applications to Transfer Control of Intelsat Licenses and Authorizations from BC Partners Holdings Limited to Public Ownership*, IB Docket No. 11-205, Order, 27 FCC Rcd 5226 (2012) ("*Intelsat Transfer Application Grant*").

⁴ See Letter from Jennifer D. Hindin, Counsel for Intelsat, to Marlene H. Dortch, Federal Communications Commission, IB Docket No. 11-205 (filed July 30, 2014); see also Letter from

comprised of seven members, with two representatives of BC Partners Holdings Limited (“BCP”), two members of management, and three independent directors. As a result of these changes to the Intelsat board, BCP no longer had *de facto* control of Intelsat. On June 11, 2018, Intelsat conducted an offering of newly issued voting common shares which closed on June 14, 2018. The result of the June 11, 2018 offering included the issuance of an additional 15.5 million shares, which resulted in reducing BCP’s ownership of voting shares below the 50% level. As such, BCP also no longer has *de jure* control of Intelsat. Accordingly, the transfer of control previously authorized by the Commission is now fully consummated.

Intelsat provides as Attachment 1 hereto the ownership percentages for all ten percent or greater shareholders.⁵ Intelsat provides as Attachment 2 an updated list of all relevant authorizations and call signs.⁶

Please update the Commission’s records to reflect the consummation of this change in control.⁷

Sincerely,

/s/ Jennifer D. Hindin
