

Regarding MB 18-184

My name is Chuck Wood, and I am the General Manager of KOGM in Lafayette, Louisiana.

I fully support the FM Class C4/73.215 petition filed by MMTC and SSR Communications, Inc. and urge the Commission to adopt the complete proposal.

KOGM works diligently to serve the Lafayette, LA market with local programming targeting A35-64 with a focus providing, news, local events and community service. Delta Media has been long serving our communities with news, weather and information covering community issues. The implementation of MB 18-84 would allow KOGM to better serve the entire Lafayette marketplace.

I ask that you consider full implementation of the MB 18-184 proceeding without delay.

Sincerely,

Chuck Wood
General Manager
KOGM 107.1 FM
