**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I'm currently a customer of Sonic, using their fiber service. Previously I was stuck between choosing Comcast cable internet, which was oversubscribed and had a long line run that they wouldn't fix, and AT&T's DSL that was too slow to use when I needed to work at home. Sonic's service is a welcome competition that provides faster, more reliable service, at a cheaper price than the competitors in the area. I'm tired of the status quo of the duopoly of broadband available in every city I've lived in, especially when that duopoly is aided by unfair government regulation of competitors.

Please don't make me go back to using inferior, more expensive internet service.
