**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Sonic is my internet provider and my whole neighborhood uses and loves them. They are providing a superior product at a reasonable price and also actually provide some great customer service.

I would not like to go back to being held hostage by a monopoly!! I had Comcast and they were AWFUL! American's most hated corporation. It's unbelievable to me that you would consider doing something that would allow AT&T and their ilk to get back in the drivers seat with their monopoly. This is so wrong!

I like a lot of people work from home a lot and I need a reliable, affordable service like Sonic provides.

If you truly are regulating to support everyday Americans, you won't allow the dismantling of key components of the 1996 Telecommunications Act as proposed by USTelecom.

Support your local communities, support the internet itself! Reject the USTelecom petition immediately!

Regards,
