**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in Occidental, Ca, and rely on Sonic.net for my home wifi and internet needs. I strongly oppose this petition and trust that you, who is supposedly working in my best interest, will also oppose it.

The price increases that will surely incur will only work to further cripple my financial position and make it even harder for myself, and millions of other Americans to make ends meet.

Is it really worth it to represent only special interest and lobbying groups? Will the American people stand by while our supposedly democratic government and it's agencies continue to strip our choices? I think not.
