**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I live in a rural area of Sonoma County in California where there is limited telephone service so this area could use some competition. I understand there is an effort by the larger providers to increase prices. We would be better served by more competition rather than a price hike by the giants.

I am currently taking an online computer course, which hopefully will lead to a new career; I am a retired engineer and broadband service would be a huge assistance to my new career.

Thank you for facilitating the above.
